Making Freight Forwarding Easy

Whether you're importing or exporting from the UK, we seamlessly connect to your worldwide suppliers and customers, managing the Air, Sea and Surface Movements of your goods to provide you with timely, cost-effective and visible solutions.

Sea Freight

Air Freight

Road Freight

OOG / Project Cargo

Specialist Customs Procedures

Container Devanning

Bonded Warehousing

Sea freight

As a global sea freight forwarding provider, we have the expertise to manage any supply chain requirement. We are experts in ocean freight logistics, deep-sea containers, conventional and project shipping, and can use our expertise to advise you on which freight forwarding solution is most suited to your needs.

Operate globally

Cross trade,
out of gauge and
chartering services

Expertise in consolidations,
deep sea container
and conventional shipping

Road freight

meachersglobal.com

You can rely on our expertise in road freight coordination to safely and efficiently transport your goods internationally. This means no matter your product or industry, we'll find the safest, most reliable, efficient and cost-effective way to get your goods where and when you need them.

-  Owned modern fleet of vehicles
-  Depots in Southampton and Derby
-  First-class UK transport infrastructure

Air freight

Our air freight services offer maximum flexibility and optimisation for all your air cargo needs, including direct airline and consolidation services. We'll work with you to understand the volume and nature of your transported goods and reduce the cost of air cargo moves with regular scheduled weekly flights.

-  Regulated agent meeting security requirements
-  Direct airline and consolidation services
-  SYNTEGRA linked for electronic track and trace

Out of Gauge

Out of Gauge (OOG) is the term for any consignment exceeding the maximum dimensions of a 40-foot-high cube (40HC) container. Oversized cargos require a logistics partner with the right experience, and the right equipment, to handle the job. We offer specialised freight solutions for the movement of over-dimension and/or overweight cargos:

 Open top containers

 Flat rack containers

 Project cargo

 Break bulk

Freight Forwarding Services

Customs clearance and compliance

Our customs brokerage services, across all UK air and seaports, will manage the customs clearance process during the importing and exporting stages.

Our fully Authorised Economic Operator (AEO) accreditation ensures that all shipments have simplified customs procedures, and all customs formalities are managed by us.

- Customs brokerage services across all UK air and seaports
- Import processing and compliance
- Specialist IPR regimes
- Compliance reviews and audits, training and advisory services

Import and export guidance

You can also talk to us to get advice and support about anything related to import and export.

Our specialist team of knowledgeable experts can assist with all aspects, including the specification of shipping containers, the preparation and presentation of Letters of Credit, foreign collection services, and everything in between.

DF Alliance member

Meachers is a member of the Digital Freight Alliance (DFA). The DFA is owned by DP World, operates in more than **190 countries** and has **over 6000 members**.

It helps to unite logistics companies from around the world into a single community, optimising processes and using digital tools to benefit its members. We benefit from the DFA's connections with global freight forwarders and non-vessel operating common carriers (NVOCCs).
